

# **Other fun (and educational) stuff**

---

### [Street Science Virtual Classrooms](#)

Join the team at Street Science at 10am daily Monday to Friday for our LIVE, FREE, Interactive Science lessons.

### [Webcomics to keep the kids entertained](#)

Looking for ways to keep your comics-loving kids and teens occupied? These free webcomics promise to eat up hours of time.

### [Easy and fun science at home](#)

You don't need special equipment or a PhD to get kids excited about science. These easy science experiments are a snap to pull together, using household items you already have on hand.

### [Ultimate Virtual Disney Experiences](#)

Disney have pulled together some of our favourite experiences to enjoy from your sofa.

### [Wizarding World - Harry Potter at Home](#)

Who doesn't love Harry Potter? I say no more.

### [Free COVID-19 time capsule](#)

We are living through a significant time in history – these downloadable and printable templates will guide you to add to this history for your future self.

### [Free recipe book](#)

Learn a new skill with this simple recipe book, containing super yum recipes

### [STEM Punk Live Broadcasts](#)

STEM Punks is now LIVE with FREE online classes streamed on their Facebook page and YouTube channel!

Join STEM Punks every Monday, Wednesday and Friday at 8:30am where kids can make robots, explore space, fly drones and learn to code, plus so much more Science, Technology, Engineering and Maths!

### [Australian Reptile Park](#)

Connect with nature at home - Watch live alligator feeding, baby turtles hatching more. Live streams and educational videos Monday - Friday

### [Zooniverse](#)

The Zooniverse enables everyone to take part in real cutting edge research in many fields across the sciences, humanities, and more. The Zooniverse creates opportunities for you to unlock answers and contribute to real discoveries.
